

CURRICULUM VITAE

Vance Zemon, Ph.D.

(718) 430-3935 (office)

Ferkauf Graduate School of Psychology
Albert Einstein College of Medicine
Yeshiva University
1300 Morris Park Avenue
Bronx, NY 10461

EDUCATION

- Oct.'79-Jan.'82 **The Rockefeller University**, New York, NY
Postdoctoral Associate, Ratliff-Hartline Laboratory of Biophysics
Research in visual neuroscience. Training in neurophysiology and quantitative methods (e.g., linear and nonlinear systems analysis).
Adviser: Prof. Floyd Ratliff
- Sept.'76-Sept.'79 **Northeastern University**, Boston, MA
Ph.D., Psychology
Research in experimental sensory and physiological psychology.
Dissertation consisted of psychophysical and electrophysiological studies on the human visual system.
Adviser: Prof. John C. Armington
- Sept.'74-Sept.'76 **Northeastern University**, Boston, MA
M.A., Psychology
Research on sensory-motor systems. Thesis consisted of electrophysiological studies of neural signals preceding saccadic eye movements. Training in learning theory, sensory and physiological psychology.
- Sept.'69-June'73 **Clarkson College of Technology**, Potsdam, NY
(Presently, Clarkson University)
B.S., Physics

PROFESSIONAL HISTORY

- Aug.'92-present Yeshiva University, New York, NY
Ferkauf Graduate School of Psychology
Albert Einstein College of Medicine
Professor of Psychology (Sept.'06-present)
Associate Professor (Aug. '92-Aug'06)
Director, Laboratory of Systems Neuroscience
Basic and clinical research on the visual pathways of the brain:
1) electrogenesis of visual evoked potentials. 2) relations between evoked potentials and visual perception. 3) applications of linear and nonlinear systems analysis techniques. 4) modeling of visual system based on existing physiological and psychophysical data. 5) development of neurodiagnostic tests for neurologic and ophthalmic disorders. 6) developmental studies of the visual system.
Teach graduate courses in *systems neuroscience, physiological psychology, statistics, and perception*. Taught graduate courses in *psychopharmacology and fundamentals of disease processes*. Taught undergraduate course in *neurobiology* at Yeshiva College.

	Mentor of doctoral candidates in thesis research and member of dissertation committees. Advise graduate students on research design and statistics.
Oct.'79-present	The Rockefeller University, New York, NY Laboratory of Biophysics <i>Adjunct Faculty</i> (Aug.'92-present) <i>Assistant Professor</i> (July'85-July'92) <i>Adjunct Assistant Professor</i> (Jan.'83-Jun.'85) <i>Research Associate</i> (Feb.'82-Dec.'82) <i>Postdoctoral Associate</i> (Oct.'79-Jan.'82) Research in all of the areas listed above. Jointly taught graduate course in neuroscience.
Mar.'99-present	Nathan Kline Institute for Psychiatric Research, Orangeburg, NY Cognitive Neuroscience and Schizophrenia Program <i>Visiting Scientist</i>
July'03-present	Blythedale Children's Hospital, Valhalla, NY <i>Institutional Review Board Member</i> <i>Scientific Advisory Board Member</i>
Jan.'96-July'96	New Jersey Institute of Technology Department of Biomedical Engineering <i>Adjunct Professor</i>
Feb.'95-Dec.'95	New Jersey Medical School, UMDNJ, Newark, NJ Department of Neurosciences <i>Guest Investigator</i>
June'87-July'02	Neuroscientific Corporation, Farmingdale, NY Diopsys Corporation, Metuchen, NJ <i>Scientific Consultant</i>
Jan.'88-May'94	New School for Social Research, New York, NY Department of Psychology <i>Adjunct Faculty</i> Taught a graduate course in physiological psychology.
Jan.'85-May'93	Columbia University, College of Physicians and Surgeons, New York, NY Harkness Eye Institute, Dept. of Ophthalmology <i>Visiting Associate Research Scientist</i> Developed a psychophysical laboratory for neuro-ophthalmic testing.
Sept.'80-Oct.'85	The Lighthouse Inc., New York, NY Department of Research <i>Consulting Scientist</i> Developed psychophysical techniques to study suprathreshold contrast perception in normal subjects and ophthalmic patients.
Feb.'83-June'83 Feb.'85-June'85	Hunter College, City University of New York, New York, NY Department of Psychology <i>Adjunct Assistant Professor</i> Taught undergraduate and graduate level courses in <i>Sensation and Perception</i> and <i>Physiological Psychology</i> . Thesis advisor to doctoral candidates.
Sept.'76-June'79	Northeastern University, Boston, MA Department of Psychology <i>Lecturer</i>

Taught *Introductory Psychology, Sensation and Perception, Sensation and Perception Laboratory*, and *Senior Seminar*.

- Aug.'78-Dec.'78 Wrentham State School, Wrentham, MA
 Department of Psychology
 Consulting Psychologist
 Performed psychological evaluations of mentally retarded clients.
- Feb.'78-June'78 Commonwealth of Massachusetts
 Dept. of Mental Health
 Qualified Mental Retardation Professional
 Member of *Independent Professional Review Team*. Evaluated client care and behavioral programs at the Wrentham State School.
- Sept.'74-Sept.'76 Northeastern University, Boston, MA
 Department of Psychology
 Research Fellow
 Conducted psychophysical and physiological research on the visual and oculomotor systems in humans.
- June'73-June'74 Neurocommunication Laboratories, Inc., Danbury, CT
 Research Scientist
 Studied psychophysiological responses to auditory and visual stimuli.

HONORS / RECOGNITION, AND MEMBERSHIPS IN PROFESSIONAL ORGANIZATIONS

Fellow, Association for Research in Vision and Ophthalmology, 2010
U.S. PHS Research Service Award, 1979
New York State Regents Scholarship, 1969

Labe Scheinberg Award for Best Neurorehabilitation Platform Presentation,
Consortium of Multiple Sclerosis Centers Annual Conference,
Washington, D.C. Authors: Foley, F.W., Zemon, V., Campagnolo, D.,
Devitt, M., Tyry, T., Marrie, R., Cutter, G., Sipski, M.L., Vollmer, T.
"The Epidemiology of Sexual Dysfunction in Multiple Sclerosis in the United States."

Past or Present Membership:

American Psychological Association
American Statistical Association
Association for Research in Vision and Ophthalmology
International Society for Clinical Electrophysiology of Vision
New York Academy of Sciences
Optical Society of America
Sigma Xi, National Scientific Research Society
Society for Neuroscience

Chair, Program Committee for Visual Neurophysiology, Association for Research in Vision and Ophthalmology, 2004-2005
Member, Program Committee for Visual Neurophysiology, Association for Research in Vision and Ophthalmology, 2002-2005
Editor, *Electrical and Magnetic Activity Section, International Journal of Neuroscience*, 1990-1992
Member, Advisory Board, *International Journal of Neuroscience*, 1992-present
Member, Consortium Committee, *Visual Disabilities Research Foundation*, 1994
Moderator, *Annual Meeting of Association for Research in Vision and Ophthalmology*, 1996, 2002, 2007
Reviewer, *National Science Foundation*

Reviewer, *City University of New York PSC Research Award Program*
Consulting Editor, *Clinical Vision Sciences*
Consulting Editor, *Documenta Ophthalmologica*
Consulting Editor, *Electroencephalography and Clinical Neurophysiology*
Consulting Editor, *Experimental Brain Research*
Consulting Editor, *Investigative Ophthalmology and Visual Science*
Consulting Editor, *Journal of the Optical Society of America*
Consulting Editor, *Journal of Vision*
Consulting Editor, *Life Sciences Journal*
Consulting Editor, *Progress in Neuro-Psychopharmacology & Biological Psychiatry Review*
Consulting Editor, *Psychophysiology*
Consulting Editor, *Optometry and Vision Science*
Consulting Editor, *Schizophrenia Bulletin*
Consulting Editor, *The World Journal of Biological Psychiatry*
Consulting Editor, *Visual Neuroscience*
Consulting Editor, *Vision Research*

RESEARCH SUPPORT

Principal Investigator on funded project from Ross Products Division of Abbott Laboratories
"Visual Evoked Potentials Among Low-Birth-Weight Infants Fed Formula with or without Long-Chain-Polyunsaturated Fatty Acids"
April 1, 1997 – December 31, 1999

Principal Investigator on funded project from Ross Products Division of Abbott Laboratories
"Electrophysiological Study of Visual Development in Full-term Infants: Effects of Long-Chain Fatty Acid Supplements in Formula Compared to Breast Milk and Formula without Supplements."
Jan. 1, 1996 - Dec. 31, 1997

Principal Investigator on grant from the National Eye Institute of the National Institutes of Health (EY02439) "Visual Stimulator/Data Analyzer for Clinical Research."
Jan. 1, 1986 - June 30, 1988

Investigator and Consultant on several grants from the National Institutes of Health.
Feb. 1, 1982 - present

Public Health Service Postdoctoral Training Grant
Oct. 1, 1979 - Jan. 31, 1982

INVITED PRESENTATIONS

American Academy of Clinical Neurophysiology, Boston, MA
Association of Community Neurologists, Toronto, Canada
Association for Research in Vision and Ophthalmology, Fort Lauderdale, FL
Brooklyn College of the City University of New York, Department of Psychology, Brooklyn, NY
Contact Lens Association of Ophthalmologists, Annual Meeting, Las Vegas
Contact Lens Association of Ophthalmologists, Annual Meeting, New Orleans
Eastern Association of Electroencephalographers, Quebec, Canada
IEEE Engineering and Medicine in Biology Society, Annual Meeting, Los Angeles
IEEE Engineering and Medicine in Biology Society, Annual Meeting, Chicago
IEEE Engineering and Medicine in Biology Society, Annual Meeting, Boston
IEEE Regional Control Conference, Brooklyn, NY
Hunter College of the City University of New York, Department of Psychology, New York, NY
Mount Sinai Medical Center, Department of Neurology, New York, NY
Mount Sinai Medical Center, Neuroscience Program, New York, NY
New Jersey Institute of Technology, Sigma Xi Lecture, Newark, NJ
New York Academy of Medicine, Glaucoma III Symposium, New York, NY

New York College of Podiatric Medicine, Neurophysiology Lecture, New York, NY
New York Hospital-Cornell Medical Center, Department of Neuroscience and Neurology, New York, NY
New York University, Department of Psychology, New York, NY
North Shore University Hospital-Cornell Medical College, Department of Ophthalmology
Northeastern University, Department of Psychology, Boston, MA
Optical Society of America, Annual Meeting, Portland, OR
Rockefeller University, Hospital Lecture Series, New York City
Rutgers University, Center for Molecular and Behavioral Neuroscience, Newark, NJ
Rutgers University, Department of Biomedical Engineering, Piscataway, NJ
Smith Kettlewell Institute for the Visual Sciences, San Francisco
State University of NY Downstate Medical Center, Department of Neurology , Bklyn, NY
State University of NY at Stony Brook, Department of Psychology, Stony Brook, NY
University of Alabama, Birmingham, AL, Visiting Scholar Program, College of Optometry
University of Basel, Department of Ophthalmology, Switzerland
University of Medicine and Dentistry of New Jersey, Functional MRI Group, Newark, NJ
West Virginia University, Neuroscience Seminar Series, Morgantown, WV
Yale University School of Medicine & VA Medical Center, West Haven, CT
Yeshiva University, Ferkauf Graduate School of Psychology, Bronx, NY
