

**WURZWEILER SCHOOL OF SOCIAL WORK
YESHIVA UNIVERSITY
MSW PROGRAM**

**Treatment of Eating Disorders
SWK 6823**

I. COURSE DESCRIPTION

The Eating Disorders Elective class will provide students with a comprehensive overview of eating disorders as biopsychosocial disorders and will focus primarily on methods and approaches to treatment within the confines of therapeutic social work practice. Students will gain an understanding of the etiology of eating disorders and accompanying personality issues from a developmental perspective. Diagnostic criteria will be fully covered, and students will be able to identify specific eating disorders in their clinical practice. Students will become familiar with the underlying language of an eating disorder and available treatment options including the benefits of working in a treatment team with this population. Mandatory readings will be assigned as will a suggested reading list for students interested in further study. All aspects of high-quality treatment for eating disorders will be addressed and students will leave this class with a solid base for understanding the complexity of eating disorders from a clinical and societal perspective.

II. LEARNING OBJECTIVES

At the completion of this course, students will be able to:

1. Understand eating disorders as complex biopsychosocial disorders, with an emphasis on the medical risk and neurological and biological manifestation of eating disorders.
2. Identify the full range of specific eating disorders, including EDNOS, with the ability to differentiate among eating disorders based on diagnostic criteria and apply differential diagnosis to the full range of eating disorders.
3. Develop awareness of sociocultural issues which impact the etiology, course, treatment and recovery of eating disorders, including the role of the media, from a person in environment lens.
4. Understand the role of culture in the lived experience of eating disorders, exploring risk and protective factors from a resiliency and strengths perspective.
5. Develop awareness of the lived experiences of vulnerable populations with eating disorders, including access to resources, healthcare and cultural norms of influence.

6. Develop knowledge of foundation theories that contribute to understanding the etiology underlying eating disorders, including developmental theory to inform social work assessment of eating disorders with attention to safety risks among this population.

7. Demonstrate foundation social work practice skills for assessment, treatment planning and intervention in preparation for working with the eating disorder population.
8. Examine evidence-based treatment interventions for various eating disorders and treatment settings with regards to determining the level of care and appropriate intervention when engaging in treatment planning.
9. Understand the role of the social worker as part of the interdisciplinary team, and the value and the role of the interdisciplinary team in assessment and treatment of eating disorders.

III. INSTRUCTIONAL METHODS

Coping with Loss is designed as a lecture/discussion course. Students are expected to actively participate in critical discussions and present relevant material. Films, and professional literature will be used to provide case examples and relevant didactic content.

IV. COURSE EXPECTATIONS AND GRADING

Students are expected to attend all classes and to be on time. Class participation is important and there is an expectation that all students will complete the required readings and be prepared for class discussion. Class discussions are meant to enhance the student understanding of content; reading assignments will not be summarized or reviewed in class.

Assignment	Grade Percentage	Due Date
Assignment 1: Midterm Exam	35%	9 th Session
Assignment 2: Final	40%	13 th Session
Class Attendance, Participation & Discussions	25%	Ongoing

A letter grade (A, A-, B+, B, B-, C+, C or F) will be given based on: Quality, scholarship and timeliness of papers & Quality of class participation.

Grading: A= 94-100; A- = 90-93; B+ = 87-89; B= 83-86; B-=80-82; C+ = 75-79; C=70-74 F<74

COURSE GRADING RUBRIC

Class Participation	Contributes to class discussions by raising thoughtful questions, analyzing relevant issues, building on others' ideas, synthesizing across readings and discussions, expanding the class' perspective, and appropriately challenging assumptions and perspectives 33 points	Attends class regularly and <i>sometimes</i> contributes to the discussion in the aforementioned ways. 30 points	Attends class regularly but <i>rarely</i> contributes to the discussion in the aforementioned ways. 27 points	Attends class regularly but <i>never</i> contributes to the discussion in the aforementioned ways. 23 points
Attendance	Always arrives on time and stays for entire class; regularly attends class; all absences are excused; always takes responsibility for work missed; no deadlines missed. 33 points	Minimal lateness; almost never misses a class; no unexcused absences. No deadlines missed. 30 points	Late to class semi-frequently; misses deadlines. 27 points	Late to class frequently misses deadlines 23 points
Comportment	Demonstrates excellence in communication, interpersonal skill, respect for the ideas of others and the learning environment, engages in reflective thinking, exemplifies empathy, honesty and integrity, shows respect for diversity, demonstrates ethical conduct, and conducts oneself with a professional demeanor. 33 points	Occasionally exhibits excellence in comportment; is almost always respectful towards peers, and the learning environment 30 points	Recurring comportment issues behaves in ways that are not always respectful of peers, and the learning environment 27 points	Consistent comportment concerns; is often disrespectful to peers and the learning environment 23 points

REQUIRED TEXTS

- Maine, M., McGilley, B. & Bunnell, D. (Ed.). (2010). *Treatment of eating disorders: Bridging the research-practice gap*. Academic Press. ISBN 978-0-12-375668-8.
- Costin, C. (2007). *The eating disorder sourcebook*. McGraw Hill Companies. ISBN-10 : 0071476857 (\$13.37 New, paperback on Amazon).

Recommended Texts:

Costin, Carolyn; Grabb, Gwen Schubert (2012). *8 Keys To Recovery From An Eating Disorder* ISBN 978-0-393-70695-6 (pbk.) W.W. Norton & Company, Inc. (\$15.51 New on Amazon, Paperback)

COURSE ASSIGNMENTS

Assignment 1: Midterm Exam (35%)

The midterm exam will be offered on Canvas during Week 7 of the semester. The exam consists of 20 multiple choice questions and two short answer essay questions. The exam is based on learning through this point of the semester. Students will receive a review session prior to the exam, in order to assist with test preparation.

Assignment 2: Final Assignment (40%) - Due Session 13

Throughout the semester you have learned about various eating disorders, the biopsychosocial lens through which social workers understand eating disorders, and different approaches to treatment. For the final paper, choose one eating disorder to research, answering the questions below. Papers must be 5-7 pages, with 3 empirical references and adhere to APA 7th edition.

1. **Identify and summarize one eating disorder**, using the social work literature*: (25 points)
 - A. Provide a brief summary of the DSM-5 criteria for this eating disorder (10pts)
 - B. Summarize the biopsychosocial characteristics of this eating disorder (15pts)

2. **Choose a population based on one factor of cultural diversity/identity**. For example, you may focus on population based on age, gender, sexual orientation, class, race, ethnicity, religion or co-morbid diagnosis (25 points)
 - A. According to the literature, report aspects of the unique experience of this eating disorder related to the population (element of diversity) you have chosen (10pts)
 - B. Report at least one risk factor and one protective factor of this specific cohort according to the literature (15pts)

3. **Report one intervention** that is cited in the literature as effective in treating the eating disorder you have chosen (evidence-based) and your identified population (30 points)
 - A. Provide a brief summary about the intervention and its major components (10pts)
 - B. What must be considered when determining the setting for carrying out this treatment intervention with for the eating disorder you have chosen? (i.e. outpatient, residential) (10pts)
 - C. Report and summarize what safety aspects must be considered related to the chosen eating disorder (consider medical complications as well as suicidality) (10pts)

4. **Case Application:** Imagine you are a social worker carrying out the intervention with an individual who is experiencing an eating disorder from the specific population that you have chosen to focus on in this paper (10points)
 - A. What challenges might you anticipate in the process of treatment? (5 pts)
 - B. Report your plan to manage these challenges based on what you have learned in this class (5 pts)

5. **APA and Scholarly Writing** (10 points)
 - All papers must follow APA guidelines (7th edition):
 - https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/general_format.html (Links to an external site.)
 - Be sure to include a brief introduction and a brief conclusion to your paper.
 - Papers should be grammatically correct and professionally written, demonstrating critical thinking skills and conceptual application of course material.

*Social work literature refers to empirical articles and course textbooks. Websites such as Wikipedia and the Mayo Clinic are not acceptable.

***Grading Rubric for Papers:** Please see page 16 for Rubric

VI. EVALUATION

Students are provided opportunity to evaluate doctoral courses. An evaluation form pertaining to the course and instructor will be conducted on-line. There will also be oral discussion of students' perspectives about the course. Evaluation is ongoing and students are encouraged to provide feedback about their learning needs throughout the semester.

VII. OFFICE OF DISABILITIES SERVICES (ODS) collaborates with students, faculty and staff to provide reasonable accommodations and services to students with disabilities. The purpose of reasonable academic accommodations is to assure that there is equal access to and the opportunity to benefit from your education at Wurzweiler. It is the student's responsibility to identify himself/herself to the Office of Disabilities Services (ODS) and to provide documentation of a disability. <http://www.yu.edu/Student-Life/Resources-and-Services/Disability-Services/>

VIII. E-RESERVES

Access full text copies of most of the "on reserve" articles for a course from your home computer. You will need Adobe Acrobat to use this service. Your professor will provide you with a password. The link for e-reserves is <http://yulib002.mc.yu.edu:2262/er.php>. Most of the articles mentioned in the curriculum are available on electronic reserve (E-reserves). You can access the full text articles from your home or from a university computer at no charge.

ACCESSING E-RESERVES

FROM CANVAS

1. Go to your class Canvas page.
2. Click the link "Library Resources & E-Reserves" (no password required)

FROM CAMPUS

1. If you wish to access e-reserves from the library home page (library.yu.edu),
2. Use "**wurzweiler**" all lower case, as the password.
3. If you have problems accessing e-reserves, email: Stephanie Gross, Electronic Reserves Librarian: gross@yu.edu or ereserves@yu.edu.

FROM OFF-CAMPUS

1. Go to the library's online resources page: http://www.yu.edu/libraries/online_resources.asp
2. Click on E-RES; you will be prompted for your **Off Campus Access Service login** and password.
3. Use "wurzweiler" all lower case, as the password for all courses in all social work programs.
4. If you have problems accessing e-reserves, email: Stephanie Gross, Electronic Reserves Librarian: gross@yu.edu or ereserves@yu.edu.

USING E-RESERVES

1. Click on "Search E-RES" or on "Course Index," and search by instructor's name, department, course name, course number, document title, or document author.
2. Click on the link to your course.
3. When the article text or book record appears on the screen, you can print, email, or save it to disk. To view documents that are in PDF format, the computer you are using must have Adobe

Acrobat Reader software. You can download it FREE at www.adobe.com/products/acrobat/readstep2.html

IX. PLAGIARISM

All written work submitted by students is to be their own. Ideas and concepts that are the work of others must be cited with proper attribution. The use of the written works of others that is submitted as one's own constitutes **plagiarism** and is a violation of academic standards. The School will not condone **plagiarism** in any form and will impose sanctions to acts of **plagiarism**. A student who presents someone else's work as his or her own work is stealing from the authors or persons who did the original thinking and writing. **Plagiarism** occurs when a student directly copies another's work without citation; when a student paraphrases major aspects of another's work without citation; and when a student combines the work of different authors into a new statement without reference to those authors. It is also **plagiarism** to use the ideas and/or work of another student and present them as your own. It is **NOT plagiarism** to formulate your own presentation of an idea or concept as a reaction to someone else's work; however, the work to which you are reacting should be discussed and appropriately cited. If it is determined that a student has plagiarized any part of any assignment in a course, the student automatically **FAIL** the course. The student also will be placed on Academic Probation and will be referred to the Associate Dean for any additional disciplinary action which may include expulsion. A student may not submit the same paper or an assignment from another class for credit. If students or faculty are concerned that written work is indeed plagiarized, they can use the following "plagiarism checker" websites, easily accessible, and generally free on Google:

www.grammarly.com/plagiarism_checker

www.dustball.com/cs/plagiarism.checker www.plagtracker.com

www.plagium.com/

www.plagscan.com/seesources/

www.duplichecker.com/

As a Wurzweiler student, maintaining good standing in the program is dependent on developing and maintaining high standards of ethical and professional behavior. Students are required to adhere to the Code of Ethics promulgated by the National Association of Social Workers (NASW).

X. HIPAA

In line with HIPAA regulations concerning protected health information, it is important that you understand that any case information you present in class or coursework will need to be de-identified. What this means is that any information that would allow another to identify the person must be changed or eliminated. This includes obvious identifiers such as names and birth dates but may also contain other information that is so unique to the person that it will allow for identification, including diagnosis, race/ethnicity or gender. If diagnosis,

race/ethnicity or gender is directly related to the case presentation, it can be included if it will not allow for identification.

XI. FERPA & OTHER UNIVERSITY POLICIES

Wurzweiler's policies and procedures are in compliance with FERPA regulations. Information about FERPA regulations can be found **here**.

Drug-Free University Policy can be found **here**.

Policy Statement on Non-Discrimination, Anti-Harassment, and Complaint procedures can be found **here**.

The University's Computer Guidelines can be found **here**.

COURSE OUTLINE

Session 1: Introduction to Eating Disorders and Clinical Classification

- Introduction to eating disorders and general overview of DSM-5 category eating disorders.
- Understand what the category of eating disorders according to the DSM and general clinical classification.
- Identify how eating disorders are differentiated in a manner that will inform practice.

Assigned Readings:

- DSM 5 – Feeding and Eating Disorders (pages 329-354).
- Michalska, A., Szejko, N., Jakubczyk, A., & Wojnar, M. (2016). Nonspecific eating disorders-a subjective review. *Psychiatria Polska*, 50(3), 497-507.
- Zam, W., Saijari, R., & Sijari, Z. (2018). Overview on eating disorders. *Progress in Nutrition*, 20(2-S), 29-35.

Session 2: Understanding Eating Disorders from a Biopsychosocial Perspective

- Begin exploring the theoretical conceptualization of eating disorders.
- Develop a biopsychosocial perspective of eating disorders, exploring the goodness of fit for social work practice with this population.
- Examine the neurobiology of eating disorders, including genetic predisposition and nature v. nurture perspectives in the field.

Assigned Readings:

- *Main Text, Chapter 1: A Perfect Biopsychosocial Storm
- *Verschuere, M., Luyckx, K., Kaufman, E. A., Vansteenkiste, M., Moons, P., Sleuwaegen, E., ... & Claes, L. (2017). Identity processes and statuses in patients with and without eating disorders. *European Eating Disorders Review*, 25(1), 26-35.
- *Rodgers, R. F., Paxton, S. J., & McLean, S. A. (2014). A biopsychosocial model of body image concerns and disordered eating in early adolescent girls. *Journal of youth and adolescence*, 43(5), 814-823.
- *Fitzsimmons-Craft, E. E. (2011). Social psychological theories of disordered eating in college women: Review and integration. *Clinical psychology review*, 31(7), 1224-1237.

- Mazzeo, S. E., & Bulik, C. M. (2009). Environmental and genetic risk factors for eating disorders: what the clinician needs to know. *Child and adolescent psychiatric clinics of North America*, 18(1), 67-82.
- von Hausswolff-Juhlin, Y., Brooks, S. J., & Larsson, M. (2015). The neurobiology of eating disorders—a clinical perspective. *Acta Psychiatrica Scandinavica*, 131(4), 244-255.

Session 3: Health at Every Size and the Value of Weight Neutrality

- Society and Eating Disorders: What's Weight got to do with it?
- Understanding Health at Every Size (HAES) as a model for social work practice.
- Examining the role of weight in overall health
- Explore the role of body image culturally and mainstream media

Assigned Readings:

- *Main Text, Chapter 2: What's Weight Got to Do with It?
- *Bacon, L., & Aphramor, L. (2011). Weight science: Evaluating the evidence for a paradigm shift. *Nutrition Journal*, 10(1), 1-13.
- *Main Text, Chapter 4: Are Media an Important Medium for Clinicians? Mass Media, Eating Disorders, In the Bolder Model of Treatment, Prevention, and Advocacy.
- Sepúlveda, A. R., & Calado, M. (2012). Westernization: the role of mass media on body image and eating disorders. In *Relevant topics in eating disorders*. IntechOpen.
- Rodgers, R. F., Berry, R., & Franko, D. L. (2018). Eating disorders in ethnic minorities: An update. *Current psychiatry reports*, 20(10), 90.
- Soh, N. L., Touyz, S. W., & Surgenor, L. J. (2006). Eating and body image disturbances across cultures: A review. *European Eating Disorders Review: The Professional Journal of the Eating Disorders Association*, 14(1), 54-65.

[The Health At Every Size Approach: HAES Principles](#)

Session 4: Anorexia Nervosa and Introduction to the Role of Medical Assessment

- Understand anorexia nervosa (AN) in-depth, beginning with clinical understanding of this disorder
- Recognize the emotional and behavioral signs of anorexia nervosa, as well as physical health effects of AN

- Explore and begin understanding the critical role of medical assessment and considerations for safety related to medical risk interconnected with EDs.

Assigned Readings:

- *In textbook, Maine, M., McGilley, B.H. & Bunnell, D. (Eds). (2010). Treatment of Eating Disorders: Bridging the Research-Practice Gap, **Chapter 6: “Medical Assessment of Eating Disorders”**.
- *Strober, M & Johnson, C. (2012). The need for complex ideas in anorexia nervosa: Why biology, environment, and psyche all matter, why therapists make mistakes and why clinical benchmarks are needed for managing weight correction. *International Journal of Eating Disorders*; 45:155-178.
- *Fogarty, S., & Ramjan, L. M. (2016). Factors impacting treatment and recovery in Anorexia Nervosa: qualitative findings from an online questionnaire. *Journal of eating disorders*, 4(1), 18.

Episode description:

"When an eating disorder affects a child or adolescent, it affects the child's parents and caregivers as well. In this episode, Raffaella discusses the impact of her daughter's eating disorder on her family. She describes how she continues to fight alongside her daughter, navigating treatment and the challenges associated with it. She addresses the confusion, isolation, frustration, and exhaustion commonly felt in this situation, and emphasizes the importance of patience, self-care, and a strong support system" (Retrieved from <https://emilyprogram.com/blog/episode-23-raffaelas-story/> (Links to an external site.))

Video:

Parents and Eating Disorders Treatment

<https://www.youtube.com/watch?v=axSo3aQdfvo&t=7s>

Session 9: The Role of the Treatment Team and Levels of Care for Eating Disorders

- Differentiate among the levels of care in the treatment of eating disorders
- Identify factors that determine the level of care recommended for a client with an eating disorder
- Further understanding the role of the interdisciplinary treatment team

Assigned Readings:

- In textbook: Costin, C. (2007). *The eating disorders sourcebook*. **Chapter 15, When Outpatient Treatment Isn't Enough**
- In textbook: Maine, M., McGilley, B. & Bunnell, D. (Ed.). (2010). *Treatment of eating disorders: Bridging the research-practice gap*. **Chapter 11: "Outpatient Treatment of Anorexia Nervosa Following Weight Restoration Practical and Conceptual Issues"**.
- Anderson, L. K., Reilly, E. E., Berner, L., Wierenga, C. E., Jones, M. D., Brown, T. A., ... & Cusack, A. (2017). Treating eating disorders at higher levels of care: Overview and challenges. *Current psychiatry reports*, 19(8), 48.

- Geller, J., Isserlin, L., Seale, E., Iyar, M. M., Coelho, J. S., Srikameswaran, S., & Norris, M. (2018). The Short Treatment Allocation Tool for Eating Disorders: current practices in assigning patients to level of care. *Journal of eating disorders*, 6(1), 1-6.

Assessment of Eating Disorders by the UCLA Treatment Team

Listen to the UCLA outpatient team, which includes a pediatrician, psychologist and dietician, discuss assessment of a adolescent presenting with an eating disorders. The social worker role would be akin to the role of the psychologist on this team.

<https://www.youtube.com/watch?v=arQQX1Ki3zw&t=1s>

Session 10: Intersectionality and Eating Disorders with Diverse Populations, including Males, Ethnic and Sexual Minority Groups

- Identifying the how social position and intersectionality contribute to the experience of an eating disorder related to sexual orientation, race, religion, spirituality, ethnic identity, gender and age.
- Understanding the lived experiences of males with eating disorders.
- Exploring the experience of ethnic and sexual minorities with eating disorders.

Assigned Readings:

- *Maine, M; McGilley, B; Bunnell, D. (Ed.). (2010). *Treatment of eating disorders: Bridging the research-practice gap*, **Chapter 8: Men with Eating Disorders**
- *Costin, C. (2007). *The eating disorders sourcebook*. **Chapter 2: Young, White and Female: Myth or Reality?**
